

## Coding for Medication Abortion In an outpatient setting

The following codes can be used when providing medication abortion care in an outpatient setting:

### **ICD-10 Diagnosis Codes**

**Z33.2** Encounter for elective termination of pregnancy  
Please check ICD-10 manual for codes for abortion with complications.

### **Outpatient Procedure Codes – CPT Codes**

**76817** Transvaginal ultrasound, pregnant uterus  
**76815** Limited ultrasound, pregnant uterus  
**76801** Transabdominal ultrasound, pregnant uterus  
**90385** Micro Rhogham 50mcg

### **Medication Administration Codes – HCPCS**

**S0190** Mifepristone, oral, 200 mg (Mifeprex®)  
**S0191** Misoprostol, oral, 200 mcg

Almost all payors are now using the S codes for Mifepristone and misoprostol. Each insurance carrier may reimburse for mifepristone using a different code. The name of the drug (mifepristone), the dosage (200 mg.), and the 11-digit national drug code (NDC) from the drug package must accompany this claim. In addition, submit a copy of the drug invoice to show the cost of the drug.

### **Evaluation and Management (E/M) Codes**

New (**99202 – 99205**) and established (**99212 – 99215**) client code selection is now based on an updated medical decision making (MDM) level OR time. Use the method most appropriate for the care given and results in the highest level code supported in the documentation. For further guidance on using E/M codes, see the [Reproductive Health National Training Center's E/M Job Aid](#).

**Coding by MDM:** level is based on the highest 2 out of the 3 elements:

Problems	Data	Risk	E/M Code
Minimal	Minimal or none	Minimal risk of morbidity	99202; 99212
Low	Limited	Low risk of morbidity	99203; 99213
Moderate	Moderate	Moderate	99204; 99214
High	Extensive	High risk of morbidity	99205; 99215

### **Coding by Time**

New Patient	Time	Established Patient	Time
99202	15-29 min	99212	10-19 min
99203	30-44 min	99213	20-29 min
99204	45-59 min	99214	30-39 min

99205	60-74 min	99215	40-54 min
-------	-----------	-------	-----------

**-25** Use this modifier with the appropriate E/M code to indicate that significant and separately identifiable E/M was provided on the same date of service as a procedure

**Telehealth Encounter Codes – CPT Codes**

**-95** Use this modifier with the appropriate E/M code to indicate a real-time audio and video telehealth visit.
